‘generic’ temperature profile with soil/ice

.....	Air temperature, height above snow/soil/ice surface
.....	Air temperature, height above snow/soil/ice surface
—	Snow surface, snow surface temperature
- - -	Snow temperature, depth below snow surface
- - -	Snow temperature, depth below snow surface
- - -	Snow temperature, depth below snow surface
—	Soil/Ice surface
- - -	Soil/ice temperature, depth below soil/ice surface
- - -	Soil/ice temperature, depth below soil/ice surface
- - -	Soil/ice temperature, depth below soil/ice surface
- - -	Soil/ice temperature, depth below soil/ice surface

'generic' temperature profile with sea-ice

.....	<i>Air temperature, height above snow/soil/ice surface</i>
.....	<i>Air temperature, height above snow/soil/ice surface</i>
—	Snow surface, snow surface temperature
- - -	Snow temperature, depth below snow surface
- - -	Snow temperature, depth below snow surface
- - -	Snow temperature, depth below snow surface
—	Sea ice surface, , sea ice surface temperature
- - -	Sea ice temperature, depth below sea ice surface
- - -	Sea ice temperature, depth below sea ice surface
- - - - -	Sea ice 'bottom' surface
.....	<i>Ocean reference level, below surface, depth</i>
